

After working as a pedorthist in Regina for years, five years ago I incorporated a new kind of foot clinic where a patient's foot joy & health are our sole concern.

<b>Diabetic Foot Assessment</b> RQHR Trained	<b>Mobile Clinic Availability</b> (Care Home / Off-site)
↪ <b>Insurance Eligible</b>	Decades of experience as a <b>certified rehabilitation professional</b>
Canadian-sourced medical-grade material (Poron®, neoprene, thermoplastics, etc.)	↪ <b>Direct Billing</b> Treaty First Nations, RCMP, Veterans, Extended Health SS recipients
↪ <b>WCB Claims Welcomed</b>	"Ready in days, not in weeks" via manufacturing in our on-site lab
Online booking -- <b>by appointment only</b> -- with weekday, weekend & evening spots	↪ <b>Free Assessments</b>
<b>Boutique Clinic Focus (Not Retail)</b>	Industry leading 'Landis Canada' & 'King Industrial' equipment
As a person with physical disability, I have a <b>solid understanding of mobility</b>	<u><b>Focussed on Feet, not Shoe Sales</b></u>
<b>Ready When You Are</b>	Regina's only fully 3-D orthotics <b>onsite manufacturing lab</b>
